# RAMA UNIVERSITY

[www.ramauniversity.ac.in](http://www.ramauniversity.ac.in)

सा विद्या या विमुक्तये ।।

"It is the knowledge which enlighten us and education which liberates us from this materialistic world".

Our mission is to empower each section of society through education and produce socially committed professionals. Our mission is to provide students with a sense of understanding for values and ethics, a commitment to law and morality and appreciation of human creativity.

# MISSION VISION

To be recognized worldwide as a premier university with a vision to provide education of international standards. Our vision is to build professionally superior and ethical professionals and to empower the world with a commendable work force adept at meeting the challenges of the 21st century.

ऊँ असतो मा सद्गमया ।  
तमसो मा ज्योतिर्गमय ।  
मृत्योर्मा अमृतं गमय ।

From untruth, lead me to the truth;  
From darkness, lead me to the light;  
From death, lead me to the immortality.

A dream doesn't become reality through magic it takes sweat, determination, & hard work to Nurture Intelligence.

The arc of the gradually blossoming flower symbolizes development from childhood to adulthood through a process of learning, the catalyst in this process being education, which opens doors for a life full of opportunities. Education to him defined the very bearing of one's soul.

An ordinary man with an extraordinary vision, without means but with infinite convictions, with strives to excellence. He was a man of honor and deeds .A visionary who believed in education & service to Society.

His Philanthropy started with efforts since 1996 with Rama Education Society (RES) towards healthcare. Since then till today his guidance at par lead the Rama Group to Education, Healthcare, Software, Infrastructure, Medicare, and International School with the motto to help students develop the technical, generic skills & competitive job market skills. Above all develop the students into socially responsible citizens.

His life is a learning in itself for everyone who dreams and aspires to leave a mark in his lifetime on earth. He believed Knowledge is infinite and so is the world!

Rama University is not only a citadel of learning but also the portal of the institute is known for its cosmopolitan ambience, infrastructure & students.

**Late Dr. B. S. Kushwah**  
Honorable Founder - Rama Group

“ **SOME PEOPLE DREAM,  
WHILE OTHERS**  
wake up and realize  
their dream. ”

## CHANCELLOR'S Message

Education is a movement from darkness to light. Education, in its general sense, is a form of learning in which skills and knowledge of one generation is transferred to another. Welcome to Rama University where excellence is cherished, pursued and learning is celebrated!

We are a University with commitment to excellence in research and education. Over the past twenty two years, we have grown significantly while retaining a supportive social and academic community, which makes Rama University a great place to study, to research and to work.

At Rama University, outstanding research based teaching, learning and exceptional education takes place across the broadest possible range of disciplines. From Humanities and Social sciences, to Health Science, Science and Technology, Business and Management to Law and Mass communication Studies. We take our commitment to research-led teaching very seriously and our professors are expected to be great researchers and teachers.

We welcome your interest in our University.

Come Prepared to Learn, Leave Prepared to Succeed.

**Dr. Suraj B. S. Kushwah**

Chancellor  
Rama University

#### WE BRING INNOVATIONS TO LIFE.

Taking individual education as the core of our efforts, we are translating it into teaching and reinventing it every day. Tackling this challenge takes a combination of diverse perspectives and skills – and it's something we at the RAMA Group are good at. Moreover, when it comes to learning from others, being open to surprises and forging new pathways, good professional education is the perfect place to start.

This realisation is at the heart of the RAMA Group's long tradition of teaching, with joint activities including talent development programmes and research projects exploring technological, business and social platforms for the students for their future.

Connecting and shaping different worlds: The RAMA Group and its strategic group efforts in construction, healthcare and technical arenas, are committed to promoting skill and education around the world. We work hand-in-hand to generate innovations over the long term.

#### RAMA EDUCATIONAL SOCIETY

Believing in 'education', Rama educational society (RES) has initiated Rama group's efforts in 1996 towards healthcare education. RES is corporate philanthropy partner to Rama Group, Targeting education and access to health care which provides positive impact on the global community with support of different health programs

Healthcare ventures of RES include:

- Rama Dental College, Lakhanpur, Kanpur
- Rama Medical College, Mandhana, Kanpur
- Rama Nursing College, Mandhana, Kanpur
- Rama Medical College, Hapur, NCR
- Rama Nursing College, Hapur, NCR

#### RAMA UNIVERSITY

Rama University (RU) is an educational endeavour of Rama Group. Rama University, established vide U.P. Act No. 1 of 2014 as passed by the State Legislature and recognized by UGC, Govt. of India, under section 2(f) of the UGC Act 1956.

- The University has campuses in Rama-City, NCR and Rama-Kanpur.
- The university has been spread over more than 150 acres each campus and reckoned as one of the largest educational groups in northern India.
- With more than 1000 eminent faculty members and state-of-the-art facilities.
- The university is running multi disciplinary education across 13 professional faculties.

## RAMA HEALTHCARE

Rama Healthcare is a premier service provider in the healthcare industry delivering excellent clinical services, diagnostics facilities and research facilities. With three state of the art hospitals located at Rama-Delhi, NCR, and Rama-Kanpur. Rama has been making constant endeavours to raise the standard of healthcare facilities. All the facilities have been renowned as advance healthcare units known for their sophisticated and intense services. Rama Hospitals comprise of:

- Rama Super Specialty Hospital & Research Centre, Rama City, NCR.
- Rama Super Specialty Hospital, Lakhanpur, Kanpur.
- Rama Super Specialty Hospital & Research Centre, Mandhana, Kanpur.

Rama hospitals are technically advance and comprehensive facilities, providing care in almost all fields of medicine. Rama aims to serve the community by delivering quality healthcare services at an affordable price.

## SCHOOL EDUCATION

Rama International School is the first initiative of Rama Educational Society in the School Education System. it is a conscious attempt at evolving innovative ways of learning and thinking; an attempt at going beyond structured schooling to inculcate the boundless freedom of inner growth. Learning at Rama International School is a natural and joyful process bringing about a progressive unfolding of the complete personality. Keeping this goal in mind we have formulated four cornerstones which are woven into the very fabric of our school curriculum and form the foundation of our educational programs.

# WHY STUDENTS LOVE US

- Rama University is the leading education group of India that sets the benchmarks of the holistic education in India.
- With a practical approach for the industry we educate and adopt the best global standards all over the world.
- 360° development of students.
- Emphasizing on Life Long Learning as well as trend setting.
- Strong faculty base along with energizing Teaching Methodology .
- Inspiring Learning ambience with confidence building.
- Industry Interface along with practical workshops and guidance to develop skills.

**Cultural Diversity:** At Rama University, we are glad to see one of the largest mix of students coming from different states and cultures.

- Besides of our academic excellence we cater.
- On-campus residential accommodation.
- Wi-Fi enabled campus.
- Large and outstanding infrastructural facilities .
- We have a focus on for nurturing future leaders with an attitude to groom them to make a thorough professional along with a good human being to be fertile in the society.
- We encourage students to have positive attitude for building leadership qualities with a problem solving attitude for facing any challenges of the society.

## THE STUDENTS REPRESENTATIVE COUNCIL

Have your say on how to improve the Rama Campus and add to your resume at the same time by being a member of the Student Representative Council.

The group consists of volunteer students who explore possible ways of enhancing the student experience. You will develop leadership skills and expand your networking which gives the Campus a better ambience to study. On your first day of Orientation you'll meet your allocated Buddy, who will take you on campus tours, help you find your way around, answer questions, and help you get to know other students in your course.

## ORIENTATION

Orientation is the official jump start to your university life. Experience your Rama community first-hand, meet new friends in your course, explore your campus and learn to succeed.

## BECOME CAREER READY

Take advantage of an internship in a corporate environment, with a focus on developing skills relevant to your chosen career. By participating in an internship related to your studies, specialization

Or area of interest you can begin to populate your resume with relevant work experience. The internship usually lasts 12 weeks and enables you to transfer knowledge and theories from your university course into the workplace. The program will also increase your chance of full-time employment within your chosen career through your growing professional network and the references you gather.

#### Wider academic options

- 13 Professional Streams
- 100+ Courses
- 1000+ faculty members
- Eminent Guest Faculty, Clinical Guides & Tutors
- Industry Integrated Approach

#### Center of excellence

- 13 Constituent Faculties
- 3 Teaching Hospitals
- State-of-the-art Research Centres

#### Global Exposure

- Global curriculum
- Flexible credit based learning system
- International collaborations
- Culturally diverse environment

Rama University is a renowned name in the world of education. Involved in imparting world class education with the aim to impart industry oriented and progressive education.

- Shaping 10,000 professionals.
- We have 3 Campuses One at Delhi (NCR) and Two at Kanpur.
- Campuses have been designed with modern infrastructure and learning tools.
- Teaching methodology at the campus is aligned with the industry interface for enabling students to Endeavour heights in their career along with imbibing values.
- Courses in Engineering, Management, Medical, Dental, Paramedical, Commerce, Economics, Mass Communication, Clinical Research and Bio-Technology, Nursing, Physiotherapy, Hospital, Administration, Agriculture Technologies and Sciences etc.
- Courses designed for distinction and insight of knowledge, but also geared for the rapidly advancing and evolving platform of Digitalization.
- Circle of education. Using these modules, a teacher goes beyond the confines of blackboard teaching.

With Faculty members, having international experience, progressive learning approach and modern teaching methodology; the University is focused at preparing strong and future ready professionals. Rama University offers education at par with global paradigms. The dynamic environment in the colleges not only ensures enormous growth potential but also a 360 degree transformation within the student.

#### TEACHING METHODOLOGY

Rama University focuses on blended teaching methodology, wherein equal importance is given to academic learning and extra-curricular activities.

We believe in adapting suitable teaching methods that not only optimizes the teaching process but also provide optimal learning opportunities for the students.

We constantly revive and revamp our teaching strategies to meet the evolving market trends. Our unique teaching methods are a fusion of finest pedagogical methods and practical approach that ensure an all rounded learning.

“सर्वे भवन्तु सुखिनः ।  
सर्वे सन्तु निरामयः ।।  
सर्वे भद्राणि पश्यन्तु ।  
माँ कश्चित् दुःखभागभवेत् ।।”

“Let every individual be happy;  
thus every individual be healthy”

- Rama Medical College, Rama-Kanpur and Rama Medical College, Rama-City, NCR are adjoined with Super Specialty hospitals, fully equipped with learning tools, high-tech laboratories and demonstration areas.
- Rama Medical College, Rama-Kanpur & Ghaziabad, NCR are recognized by Medical Council of India and Government of India.
- Through a combined approach of theoretical and practical learning Faculty produces highly qualified and expert medical professionals who are not only good at their profession, but also carry deep values that make them inclined towards serving the community.
- Rama University is proud of its outstanding faculty members working closely with students, supervising their thesis & projects.
- Most of the senior faculty members are trained in medical education technology with teaching & research experience of various reputed Govt. Medical Colleges and are capable of performing and guiding latest technology in medical sciences.
- All lecture theatres are fully air-conditioned, well equipped with Audiovisual AIDS, OHP, LCD

Rama Medical College- Rama City, Kanpur

- Laboratories are well equipped.
- Central Library has 15000 books, 50 International, 92 Indian Journals and equipped with 40 Computer terminals with internet facility and E-subscription of J-Gate plus Biomedical Sciences.
- Hospital has more than 650 beds, 10 operation theatre, 30 bedded intensive care unit, well equipped clinical laboratories and radio diagnostic unit equipped with mammography, ultra sound, color Doppler, CT Scan and MRI providing round the clock investigation backup to the hospital.

CAREER OPTION

Dentistry offers stimulating career options. In addition to private practice, excellent opportunities exist in teaching and research, careers with government agencies or in industry.

- **Private Practice:** Many dentists work either in solo private practice or in partnerships with other dentists. The majority of private practice dentists own their practices.
- **Academic Dentistry:** An academic dentistry career combines teaching, research, community service and patient care. Faculty members work in an intellectually stimulating and exciting academic environment. Career opportunities for academic dentists are excellent at this time.
- **Public Health Dentistry:** This career focuses on community settings rather than private practice. Promoting dental health, developing health policy and preventing disease are the major roles of a public health dentist. Numerous opportunities exist in research and teaching within public health dentistry.
- **Research:** Research careers offer opportunities to generate new knowledge and be on the cutting edge of scientific discoveries that ultimately impact patient care. Some of the latest research improving patient care includes lasers in surgery, implants to replace damaged bone and computerized x-rays.
- **Hospital dentistry:** Hospital dentists treat patients with medical conditions and disabilities alongside physician colleagues, often in operating rooms and emergency departments. Hospital dentists usually have a strong interest in medicine and collaborative care and have spent a year or more training in a hospital-based setting after course.

The Rama College of Nursing & Para Medical Sciences was established in 2008 as the first private sector Nursing College in a Campus with an adjoining Medical College. The college is recognized by the Indian Nursing Council and U.P. State Nursing Council to offer degree and diploma courses in nursing and paramedical to meet the diverse needs of healthcare sector. The college has been producing professionals with best skills and deep insight into health care practices. Students have an added advantage of practical experience owing to our super specialty hospital extending services in varied disciplines comprising Medicine, Surgery, Gynaecology, Paediatrics and Orthopaedics. The campus provides a perfectly healthy education to the students and the well developed infrastructure paves way for modern learning.

Professional nursing is a significant component of quality healthcare and is considered vital to the National Health Care Delivery System. Nurses promote health, prevent diseases and help patients cope with illness. They collaborate with all members of the healthcare team to provide the necessary care for each patient as an individual. Nursing involves practices that are restorative, preventive and supportive supportive in nature.

Rama College of Nursing- Rama City, Kanpur

The nurses are trained in not just basic medical specialties but also intensive and critical super specialties such as Intensive Care Units, Cardiology, Gastroenterology, Oncology, Nephrology and Neurology. The training is imparted through our health centers in Rural and Urban settings, managed and owned by the group, along with several camps and community programmes to prepare the professionals who can intently serve the community in various settings. Students in the University get the unique opportunity of interacting with the faculty, doctors and students of medical, dental and management colleges for sharpening their technical and managerial skills and getting groomed up as competent nurses and technicians.

Course Code	Name of Course	Duration of Course
301	Auxillary Nursing & Midwifery (ANM)	2 Years
302	General Nursing & Midwifery (GNM)	3 Years
303	B. Sc. - Nursing	4 Years
304	Post Basic Nursing	2 Years
305	M. Sc. Medical surgical Nur.	2 Years
306	M. Sc. OBS & Gynae Nursing	2 Years
307	M. Sc. Psychiatric Nursing	2 Years
308	M. Sc. Community Health Nursing	2 Years
309	M. Sc. Child-Health Nursing	2 Years

Location: Rama- City, NCR/ Rama- Kanpur

ADVANTAGE

Owing to our super specialty hospital extending services in varied disciplines comprising medicine, surgery, gynaecology, paediatrics, orthopaedics and ophthalmology. The nurses and technicians are imparted training on highly sophisticated medical equipments.

TECHNICAL ADVANTAGE

- 1800 bedded multi speciality teaching hospitals.
- Intensive training Intensive Care Units, Cardiology, Gastroenterology, Oncology, Nephrology and Neurology departments.
- Rural and Urban Exposure.
- Community service for extensive practice.
- Networking with sharpening technical and managerial skills with multi discipline peer group.

TRAININGS ON

- Ventilators
- Dialysis Machines
- Anesthesia Work Stations
- C-Arms
- Endoscopes
- Microscopes

Rama Nursing College- Rama City, NCR

CAREER OPTION

- Clinics and Heath Departments
- Defense Services
- Hospitals
- Industrial Houses and Factories
- Nursing Homes
- Nursing Science Schools
- Orphanages and Old Age Homes
- Railways and Public Sector
- Medical Departments
- Training Institutes

Paramedical Science is an integral part of the Health Care System. It plays a significant role in medical science for the diagnosis and treatment of diseases. Study of diagnostic tools used in the clinical laboratory, X-ray, Ultra Sound, other invasive or non-invasive methods, Renal Dialysis, Therapeutic technical modes like physiotherapy are important components of the paramedical system. Since there is an acute shortage of radiographers and technicians in the country, Faculty of Paramedical Sciences has resolved to meet the shortage of competent technicians in the field of Paramedical Sciences.

FPS is fully equipped to provide comprehensive healthcare services upholding high standard of moral conduct through discipline and an established code of conduct. The technicians are imparted training on highly sophisticated medical equipments such as Ventilators, Dialysis Machines, Anesthesia Work Stations, C-Arms, Endoscopes and Microscopes. Besides this, Technicians are also given exposure on CT Systems (16 Slices), 1.5T MRI, Digital Radiography Systems. Our state-of-the-art equipments and cutting edge technology systems has made us a preferred choice among the aspirants looking for a career in paramedical sciences.

Faculty of Paramedical Sciences is one of the newer constituents of university residential institutes located within the university campus which has a very large lush green area. It has been set up in recognition to ever increasing demands of paramedical professionals of various branches. There are areas of specialized study programme for each course.

Education and health care are two fields that have seen tremendous advancements in recent fast. India also is witnessing a growing demand for trained professionals with hospital, nursing home and diagnostic centre, looking institute to provide them with the necessary personnel.

Employment opportunities are therefore available in plenty. He /She will find ready employment in all types of diagnostic centre, Hospital both in government and private sector. What is needed is to make concerted efforts to provide with required training to take on the challenging world that is health care. It is with this background that the Rama university, Uttar Pradesh, Kanpur Has developed Rama Institute of paramedical Sciences in its own campus, which has highly qualified and experienced faculty.

Course Code	Name of Course	Duration of Course
401	Diploma In C.T Technician	2 years
402	Diploma In O.T Technician	
403	Diploma In Optometry	
404	Diploma in Physiotherapy	
405	Diploma in Cardiology Tech.	
406	Diploma in Dialysis Tech.	
407	Diploma in Emergency Trauma Care Technician	
408	Diploma in MRI Technician	
409	Diploma in Lab Technician	
410	Diploma in X-Ray Technician	
411	Diploma in Blood Transfusion Technician	4.5 years
412	Bachelor in Physiotherapy (BPT)	
413	B.Sc Medical Lab Technology	3 years
414	B.Sc. Optometry	
415	B.Sc. Radiography & Imaging Technique*	
416	Ph. D. Genetics	
417	Ph. D. Nutrition	
418	Ph. D. Bio-Statistics	

Location: Rama- City, NCR/ Rama- Kanpur

ADVANTAGE

The college provides compulsory clinical teaching in its own group hospitals. Due to diverse medical specialties in the campus, the nurses are trained in not just basic medical specialties but also intensive and critical super specialties like Intensive Care Units, Cardiology, Gastroenterology, Oncology, Nephrology, Neurology and many more.

The under training nurses are also trained in Rural and Urban health centres managed and owned by the group in addition to several camps and community programmes.

Technicians are trained on highly sophisticated medical equipments like Ventilators, Dialysis Machines, Anaesthesia Work Stations, C-Arms, Endoscopes, Microscopes and many more.

CAREER PROSPECTS

After pursuing a course in the field of paramedical science, one can explore various career options available in the medical industry. A paramedic can find job opportunities in government hospitals, private clinics, and trauma centers. Such medical professionals can work as medical lab technicians, radiography technicians, radiologists, physiotherapists, speech therapists and audiologists, dialysis therapists, emergency technicians, emergency care practitioners, perfusion technicians, cardiac technicians, and respiratory therapists. Besides, they can opt for high-end specialization courses and discover umpteen opportunities in India and abroad. They can also find jobs with helicopter flight crews, wherein they'll be required to transport the ill and injured to the nearby trauma centers. However, paramedics is a demanding job as emergency medical services and facilities operate 24x7; thus, professionals in this field should be willing to work for prolonged durations and on evening and weekends also.

Faculty of Engineering & Technology (FET) is fully equipped with all the facilities to deliver world class engineering education with a vision to provide goal oriented and industry relevant education, the syllabus has been designed in conjugation with latest industry protocols, industrial tours and frequent grooming workshops. The college has an efficient team of highly qualified teaching faculties who guide the students to achieve their goals in respective area.

FET offers Undergraduate, Post Graduate and Doctoral programs under all these departments/ branches.

- Mechanical Engineering
- Electronics & Communication Engineering
- Electrical Engineering
- Computer Science & Engineering
- Civil Engineering
- Biotech Engineering
- Biomedical Engineering
- From construction to power and energy; a growing array of career paths awaits future engineers and scientists.

Rama Engineering College- Rama City, Kanpur

- Engineering & technology has become a degree where recent graduates are discovering both traditional technological options as well as dynamic sectors for career progression across the economy. Civil engineers for example, are benefiting from a boom in new construction and an urgent need to update the nation's aging infrastructure.
- Mechanical, Biotechnology & Computer science engineers/technologists are similarly in demand, both for their part in the infrastructure update or for tackling other high-priority challenges. Some of Key areas are climate change, energy

exploration, production technology development, software designing, machine learning, bio-fuel productions and gene synthesis.

- ECE & Electrical engineering covers the digital and electrical industries sectors in order to automated devices for people around the globe.

## EXCELLENT SUPPORT

- As a student, at Faculty of Engineering and Technology, you can expect to receive excellent support from our friendly and technical competent staff members who are experts in all aspects of student learning and welfare.

Throughout your time in the academic tenure, you will be encouraged to learn and develop technical skills, which are transferable and applicable to all aspects of life. You will learn through industry oriented curriculum, guest lectures, hands on practices in workshops and many other learning paradigms.

All students are focused towards state- of- art learning with employing latest educational technology and learning tools.

A career in Commerce & Management is both challenging and rewarding .It requires a specific consideration of knowledge, skill and attitude to succeed in today's complex and dynamic business environment. The objective of Rama University programs in Commerce & Management is to develop business leaders of tomorrow with the right perspective, analytical and decision making ability with a global outlook.

Creativity and Innovation are the forte of FCM at Rama University. In Faculty of Commerce & Management the degree programs enlighten certain aspects of life, especially concerning operations within the business world. Aim of FCM is to create effective and efficient managers for a better tomorrow. Following courses are run in the Faculty of Commerce & Management:-

**Bachelor of Business Administration (Digital Marketing) (BBA-DM)**

- Rama University is the pioneer in providing Digital Marketing courses at the undergraduate level.
- In Digital Marketing communication can be a lot more targeted and personalized than other forms of marketing.

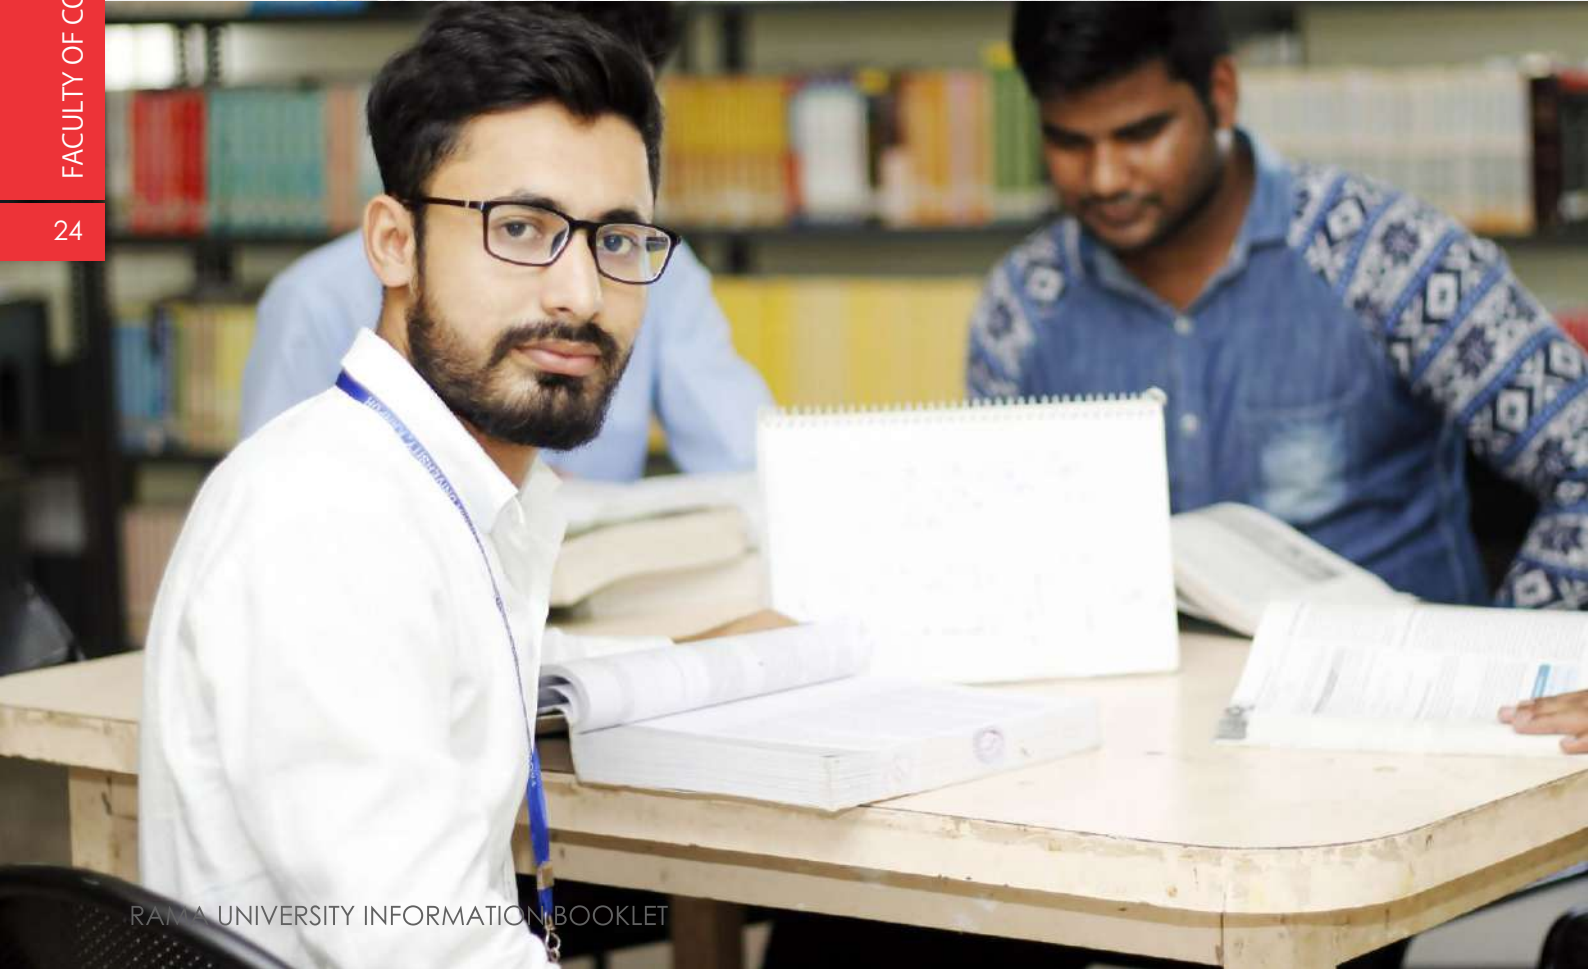

Rama Institute of Management- Rama City, Kanpur

- Rama University also provides Digital Marketing certification from Google. Students can become certified trainers from Google, along with the program.

**Bachelor of Commerce (E-Commerce) & Master of Commerce (E-Commerce)**

- Digital consumerism has a bright future and scope for patronage in India.
- The online shopping environment is changing very rapidly with the advent of big brands and international players setting up businesses in India.
- Digital & E-Commerce projects form an integral part of the curriculum.

Course Code	Name of Course	Duration of Course

- Journalist
- News Reader
- Anchoring
- Writer
- Director
- Editor

- The Media and communication in rapidly growing technological, postcolonial and postmodern scenario. Globalization and liberalization of Indian economy along with integration of world markets have opened up horizons of prosperity and growth for variety of communications.
- Communication sector in India has grown many folds in the last two decades and is projected to continue growing in the coming decades.
- On the one hand, the industry has witnessed a virtual explosion in the process of creation and consumption of information and communication and, on the other, an upsurge in the demand for knowledge and professional skills to face the challenges and the opportunities brought about by the transformative force of communication revolution.
- While new areas such as the internet and multi-media, on-line Journalism, 3D graphics and animation have emerged in the field, traditional areas such as print journalism and magazine publication, radio, television, films, animation, advertising, public relations, event management and communication research continue to hold ground and offer exciting careers in Communication.

Faculty of Sciences is fully equipped with modern laboratories and other learning tools, the faculty offers a progressive learning environment to students. Faculty of Life Sciences comprises of the “Department of Biotechnology”. Biotechnology scenario in the world is changing rapidly and dynamically and hence we have carefully focused to impart the current advancement and understanding about biotechnology along with basic knowledge about research of infectious diseases with both theoretical and experimental approaches.

- The Faculty of Science offers under graduate, post graduate and doctoral courses.
- The department constantly provides the latest developments in the fields of pharmaceuticals, bio-pharmaceuticals, drug discovery sectors, diagnostics, therapeutics, plant & animal sciences, environmental sectors along with the core subjects.
- Additional facilities includes incubators, cold room, photography lab, media preparation lab, computer lab and instrumentation lab.
- The programmes are designed to expose the students to recent exciting developments in the area of genetic engineering and biotechnology

and their exploitation in industry, agriculture and medicine.

- The method of teaching includes multimedia presentation and combination of lectures/ practical by faculty and guest speaker, seminar and journal club presentation. Time to time Centre also organizes lecture by eminent academicians/scientists/industrialists.
- The Department of Biotechnology at Rama University aims at imparting strong foundation in terms of knowledge and motivating the students to achieve expertise in advanced and applied technology that will help them to meet the growing demand for trained manpower in this field not only in India but also abroad.

Course Code	Name of Course	Duration of Course
801	B.Sc. (Hons.) Biotechnology	3 Years
802	M.Sc. Biotechnology	2 Years
803	Ph.D in Biotechnology	3 Years

Location: Rama- Kanpur

CAREER PROSPECT

As there is increasing popularity and explosive growth, biotechnology has a great scope in future. Bio-technologists can find careers with pharmaceutical companies, chemical, agriculture and allied industries or in Business verticals of planning, production and management of bio-processing industries. Alternatively they may find employment in specialized biotechnology companies or biotech-related companies such as pharmaceutical firms, food manufacturers, aquaculture and agricultural companies. Companies that are engaged in business related to life sciences (ranging from equipment, chemicals, pharmaceuticals, diagnostics, etc) also consider a biotech degree relevant to their field.

KEY EMPLOYMENT OPPORTUNITIES

- Research Scientist
- Academics or Fellowships
- Bio-informatics
- Quality Control Officer
- Production Incharge
- Marketing of Bio-chemicals
- Agriculture
- Environment Conservation
- Analyst
- Genetic Engineering
- Animal Husbandry
- Industrial Research & Development
- Healthcare & Medicine

Faculty of Juridical Sciences currently offers B.A. LL.B. (Five Years Integrated Programme), B.B.A. LL.B. (Five Years Integrated Programme), LL.B. (Three Years Programme), LL.M. (One Year Programme), Ph.D.

The teaching methods adopted for the Degree programme will be such as to promote multi-disciplinary inquiry and practical appreciation of problems. The method of teaching will involve lectures, discussions, case studies, Moot Courts, project work, case studies etc.

Faculties at the Law School are very accessible, with an excellent faculty-student ratio. The law faculty will provide an exciting opportunity for the students to interact with their teachers. Beyond exchanges between students and faculty in the classroom, there will be more formal means of communication aimed at improving the class experience and student life.

At the end of each semester, the students are expected to complete an evaluation of the courses undertaken by them in that semester. The extensive comments on the teaching, reading materials, availability for consultation, etc. In these evaluation forms are taken seriously by the faculty so that they can more accurately identify students' concerns especially in courses that are taught for the first time.

Efforts are being made to expose students to court realities. Project assignment is another component of each course that requires both literature survey and field investigations. These methods help in improving research skills, analytical abilities as well as the communication skills of the students.

Course Code	Name of Course	Duration of Course
901	LLB	3 Years
902	BA-LLB	5 Years
903	BBA-LLB	5 Years
904	LLM	1 Year
905	Ph. D. in Law	3 Years

Location: Rama- Kanpur

#### KEY FEATURES

- Regular moot court
- Regular court visit
- Special emphasis on research
- Sports activities
- Extracurricular activities
- Rich library

#### EMPLOYMENT AREA

##### • Advocate and Legal Advisor

Lawyers have a number of opportunities in legal field. They can work as advocate, legal advisors for corporate sector, firms, and organizations. They can work as law reporters, company secretaries and so on.

##### • Government Service

Law graduates are recruited in many government services – Legal advisors in Department of Legal Affairs and Legislative Counsel in Legislative Department. Besides, they can work as members of Law Commission, Govt. advocates, public prosecutors, solicitors, Attorney general.etc. They are also recruited in Indian Army, Navy and Air force where they work as commissioned officers.

##### • Judiciary

There are a great opportunities in lower as well as higher judiciary in India for lawyers.

##### • Teaching

Teaching is a very good career for the candidate holding LL.M, Ph. D degrees. Such candidates can get jobs in Universities or Institutes offering law courses to students.

##### • Legal Outsourcing

Legal Outsourcing can be a very good option for law graduates.

Agriculture plays a crucial role in the Indian economy. Almost 60 percent of the Indian workforce is involved in agriculture, but that has not resulted in substantial growth of the sector. In fact, its contribution to the GDP has dwindled to less than 25 percent. It is time that students explore this largely unknown arena.

Most students are well aware of the streams like engineering and medicine, and post-graduate degrees like the MBA. But you may have not given any thought to a BSc in Agriculture, in spite of the fact that agriculture is a part of the NCERT syllabus for Class 10+2 for science students, and you prepared the chapter for your board exams.

The student who has completed a B.Sc in Agriculture will get a well-paying job right after graduation like Agri.Development officers, Seed certification Agency, Hort. Development Officer in State Agri. Department, Fertilizer company, Agri. Officer in Banks, Seed Companies, IFFCO etc.

- The current syllabus of agriculture is according to "V" Dean committee of ICAR (2017), New Delhi.
- Course Syllabus is same as in State Agricultural Universities.
- Students can take admission in M.Sc throughout India on the basis of competition test.

- Focus is mainly on the science of Agriculture by which we can enhance the quality of current products and develop new products which will help in increasing growth and quality of the food grain in India and bring more value for money globally.
- Students can get jobs in Banking sector, R & D, seed industry, fertilizers, insecticide and pesticide firms and other industrial sectors related to agriculture.

#### VISION

- To develop well trained manpower.
- Achieve professional competence of the graduates in the field of Agricultural Science. To tackle the challenges of second green revolution.
- To achieve sustained agricultural production in India.
- To meet the challenges in agricultural production globally.
- Developing the students as job provider instead of job seeker.

Course Code	Name of Course	Duration of Course
1001	Bachelor of Agriculture	4 Years
1002	M.Sc. – Agronomy, Horticulture, Soil Science, Genetic & Plant Breeding, Seed Technology, Plant Pathology	2 Years

 Location: Rama- Kanpur

#### MISSION

To achieve excellence in the curriculum planning pertaining to Agricultural Science by periodically updating it in order to provide the students with sound technical knowledge.

#### CURRICULUM

Typically, a B. Sc. in Agriculture is a four-year course, though curriculum vary, from learning about soil science to agricultural meteorology, and there is a balance between theory and practical's. Last year will comprise hands-on training, which helps in tying up all you have learned in the first three years, to make you job-ready.

#### CAREER PROSPECTS

Agricultural Science is a broad field of science that focuses on economic and social development through application of agriculture. It is directly linked to rural areas. With a Master in Agricultural Science, students take the first step toward a rewarding career.

Rama University offers Master in Agricultural Science program. At present M. Sc. (Ag) program is being offered in **Agronomy and Horticulture**. M. Sc. (Ag) program in other areas of specialization may be offered depending upon the number of students.

- Research areas in field of Agronomy, Horticulture and Soil Science etc.
- Banking sector (Agriculture field officer)
- ARS (Agriculture Research Service)
- Seed and fertilizer companies
- Agricultural consultant
- Farm manager
- Fish farm manager

- Rural practice surveyor
- Soil scientist
- Horticulturist
- Animal nutritionist
- Field trials officer
- Magazine journalist
- Sales executive
- Forest conservative
- Officer
- JRF/SRF

#### HIGHLIGHTS

- Best & Experienced faculty members from top most Institutes of India.
- Best Infra-structure facility:- Auditorium Hall, Conference Hall, cafeteria, Bank, ATM, Gym.
- Safe, Secure & Eco-friendly Campus.
- Wi-Fi Campus.
- Air conditioned Library With more than 4,000 books, Management, Journals, Hindi, English News papers
- Special Emphasis on Research.

#### KEY FEATURES

- Quality Education
- A strong base of core faculty
- Interaction with industry leaders, practitioners & professionals
- Regular Guest Lectures.
- Additional visits offered to enhance technical skills.
- Mentoring system.
- Industrial visits.
- Student Group Discussion and Quiz.
- Adequate Library facility
- Involvement of students in research work
- Extracurricular activities - sports and cultural.

The faculty offers teaching facilities for imparting education in the field of Ayurveda, starting the course of Ayurvedacharya(B.A.M.S.), adjoined with well developed hospital, fully equipped with learning tools, hightech facilities of Panchakarma, Kshar Shutra and Yoga.

CAREER PROSPECTS

After successful completion of the course students will be suitable for the following fields: Production & Manufacturing, Research & Development, Analysis of Drugs, Quality Control and Quality Assurance of Drugs, Higher Studies in India or Abroad, Drug Regulatory Affairs Department, Bio-technology, Genomics and Clinical Research, Hospital Pharmacy and Community Pharmacy, Drug Inspectors, Research Associate in CROs & Pharmaceutical Marketing.

SPECIAL FEATURES

- Industrial visits and industrial training are part of the courses to provide you hands on training practical exposure.
- Govt. funded research being carried out in the Institute.
- Industrial grade pharmaceutical machine room is available.
- Guest lectures by eminent personalities in the pharmaceutical industry.
- Assignments and interactive education sessions.

Department of Arts offers Bachelor in Physical Education and Sports program along with Physical, Health and Sports Education.

Physical education and sports is the study, practice, and appreciation of the art and science of human movement. While movement is both innate and essential to an individual's growth and development, it is the role of physical education to provide instructional activities that not only promote skill development and proficiency, but also enhance an individual's overall health. Physical education not only fulfills a unique role in education, but is also an integral part of the whole education process.

In Rama Physical Education and sports program provides each student with the opportunity to participate in a comprehensive program consisting of skill development, lead up games, team sports, and physical fitness activities. The students receive instruction in rules, skills, and strategies associated with the different sports as well as learning experiences involving physical conditioning activities. The Rama students will also have opportunities to become involved in life-long physical activities through individual sport units. The program promotes the spirit of cooperation,

leadership, fair play, and friendly competition.. There is a well-equipped library and International standard sports play fields for students pursuing this course. To become education professionals, physical education teachers may pursue several degrees and diplomas. In general, at the bachelor's level, students may also choose to specialize in areas like coaching, outdoor recreation or physical education teaching. Each of these specializations includes different coursework that will lead to a different career path.

Course Code	Name of Course	Duration of Course
1301	Bachelor of Physical Education	2 Years

 Location: Rama- Kanpur

*Believe*  
*that you will be succeed, and you will.*

“STUDENTS AT CAMPUS  
An unbelievable energy,  
that helps all to rise to  
higher levels.”

## CAMPUS LIFE

College is an opportunity to turn your aspirations into reality, to achieve your dreams and plan the course of action that will define a promising future. Our campus community, like our world, is an amalgam of various origins, races, ethnicities, classes, socio-economic groups, genders, religions, physical abilities, ages and learning styles. Based on our vision to teach and inspire, we employ best pedagogical practices that not only provides deep knowledge but also prepare the leaders of tomorrow to emerge as achievers.

RU believes that learning environment plays a pivotal role in the whole process of education. Keeping this view in mind, all the campuses have been designed as a combination of lush green environment and modern facilities. All the campuses, with a combined area of 150 acre, are equipped with following facilities.

- Wi-fi enabled campus
- Auditoriums of upto 1200 seating capacity
- In campus Banking facilities
- Postal and Telecom facilities

The campus life at Rama colleges offers multiple opportunities for an individual to grow into a rational being endowed with capabilities to face the challenges of the future enterprise. At RAMA, we respect the integrity of all and educate our students so that they can adapt and succeed in the global society.

“UNIVERSITY, THE SHORTEST CHAPTER IN OUR LIVES, yet makes the largest impact, both personally & professionally.”

## RECREATIONAL AND EXTRA CURRICULAR ACTIVITIES

Getting involved with extracurricular activities during your time here at Rama University is a great way to learn something new and immerse yourself in the dynamic student community at the University. There are many opportunities to display your talents like

- Drama
- Singing
- Acting
- Dance
- Arts like rangoli, painting, mehendi etc.
- Debates
- Fashion shows
- Event organizing

University is not only about study. Our recreational and extracurricular activities can broaden your mind and boost your CV, whilst socializing and having fun. Eternal motive behind inspiring students to be an active participant in such activities is because by taking part in these activities, students also develop skills that employers want to see like self confidence, public speaking, organizing events, handling teams and working in rhythm. Demonstrating these skills and experiences students have had will help them to stand out in competitions and interviews.

You'll never lack for something to do. Outside of class, you'll find interesting lectures, plays, art exhibits, and volunteer positions. You will also discover various opportunities to share your views in seminars, workshops, cultural festivals, annual functions etc. Every college, class and student has been given enough representation to make them learn and grow as an individual and an all round professional.

“CHAMPIONS AREN'T  
MADE IN GYMS.  
Champions are made from  
something they have deep  
inside them- a desire,  
a dream, a vision.  
-Muhammad Ali”

## SPORTS AND REJUVINIATION

If sport is your thing, competitive or purely social, enjoy great and wide range of sports facilities at RU.

Sporty students from University compete with many other universities and colleges' team- many dominating in top positions. You can also be a part of that adventure by joining one of our many sports options available at campus. Even if you chose not to compete, you can still take part in all the sports activities for the sake of learning and fitness. Rama University offers wealth of Sporting opportunities.

- Physical Education and Sports
- Multi-purpose Indoor Sports Hall
- Badminton Court
- Table Tennis Court
- Lawn Tennis Court
- Football Field
- Basketball Court
- Volleyball Court

University activities help students meet people. Having confidence will no doubt assist students in their career no matter what industry it's in. The University does everything and more to make things as exciting as possible. It's up to students how they wish to take advantage of it.

Students are given training by coaches by organizing in-campus coaching camps, winter off-campus camps and summer off campus camps.

“STUDENTS DON'T  
REALIZE,  
They are making memories.  
All they remember is they  
are having fun.”

## FOOD AND ACCOMODATION

With cultural diversity of city of Kanpur and National central region at its doorstep, Rama Campuses provide a homely and secure environment to the students. With separate hostels for boys and girls within the campus, the parents can have a peace of mind concerning the safety and comfort of their ward. The hostels are well ventilated, furnished with modern amenities and have serene surroundings that provides a perfect environment for a healthy and academically productive life.

The hostels have spacious community recreational areas, study rooms where newspapers, magazines are available along with 24-hours internet and telephone facilities, a fully equipped gym and laundry facility. Added benefits are:

- **Safety first-** we take security very seriously, so we are all geared up with 24 hours security at both campuses, including secure entry to all the buildings.
- **All-inclusive value-** all the hostel and fooding charges include cost of all utilities and contents.
- **Instant friends-** community rooms are ideal for meeting students and making new friends
- **Stay connected-** free internet access is included in accommodation at Rama University.

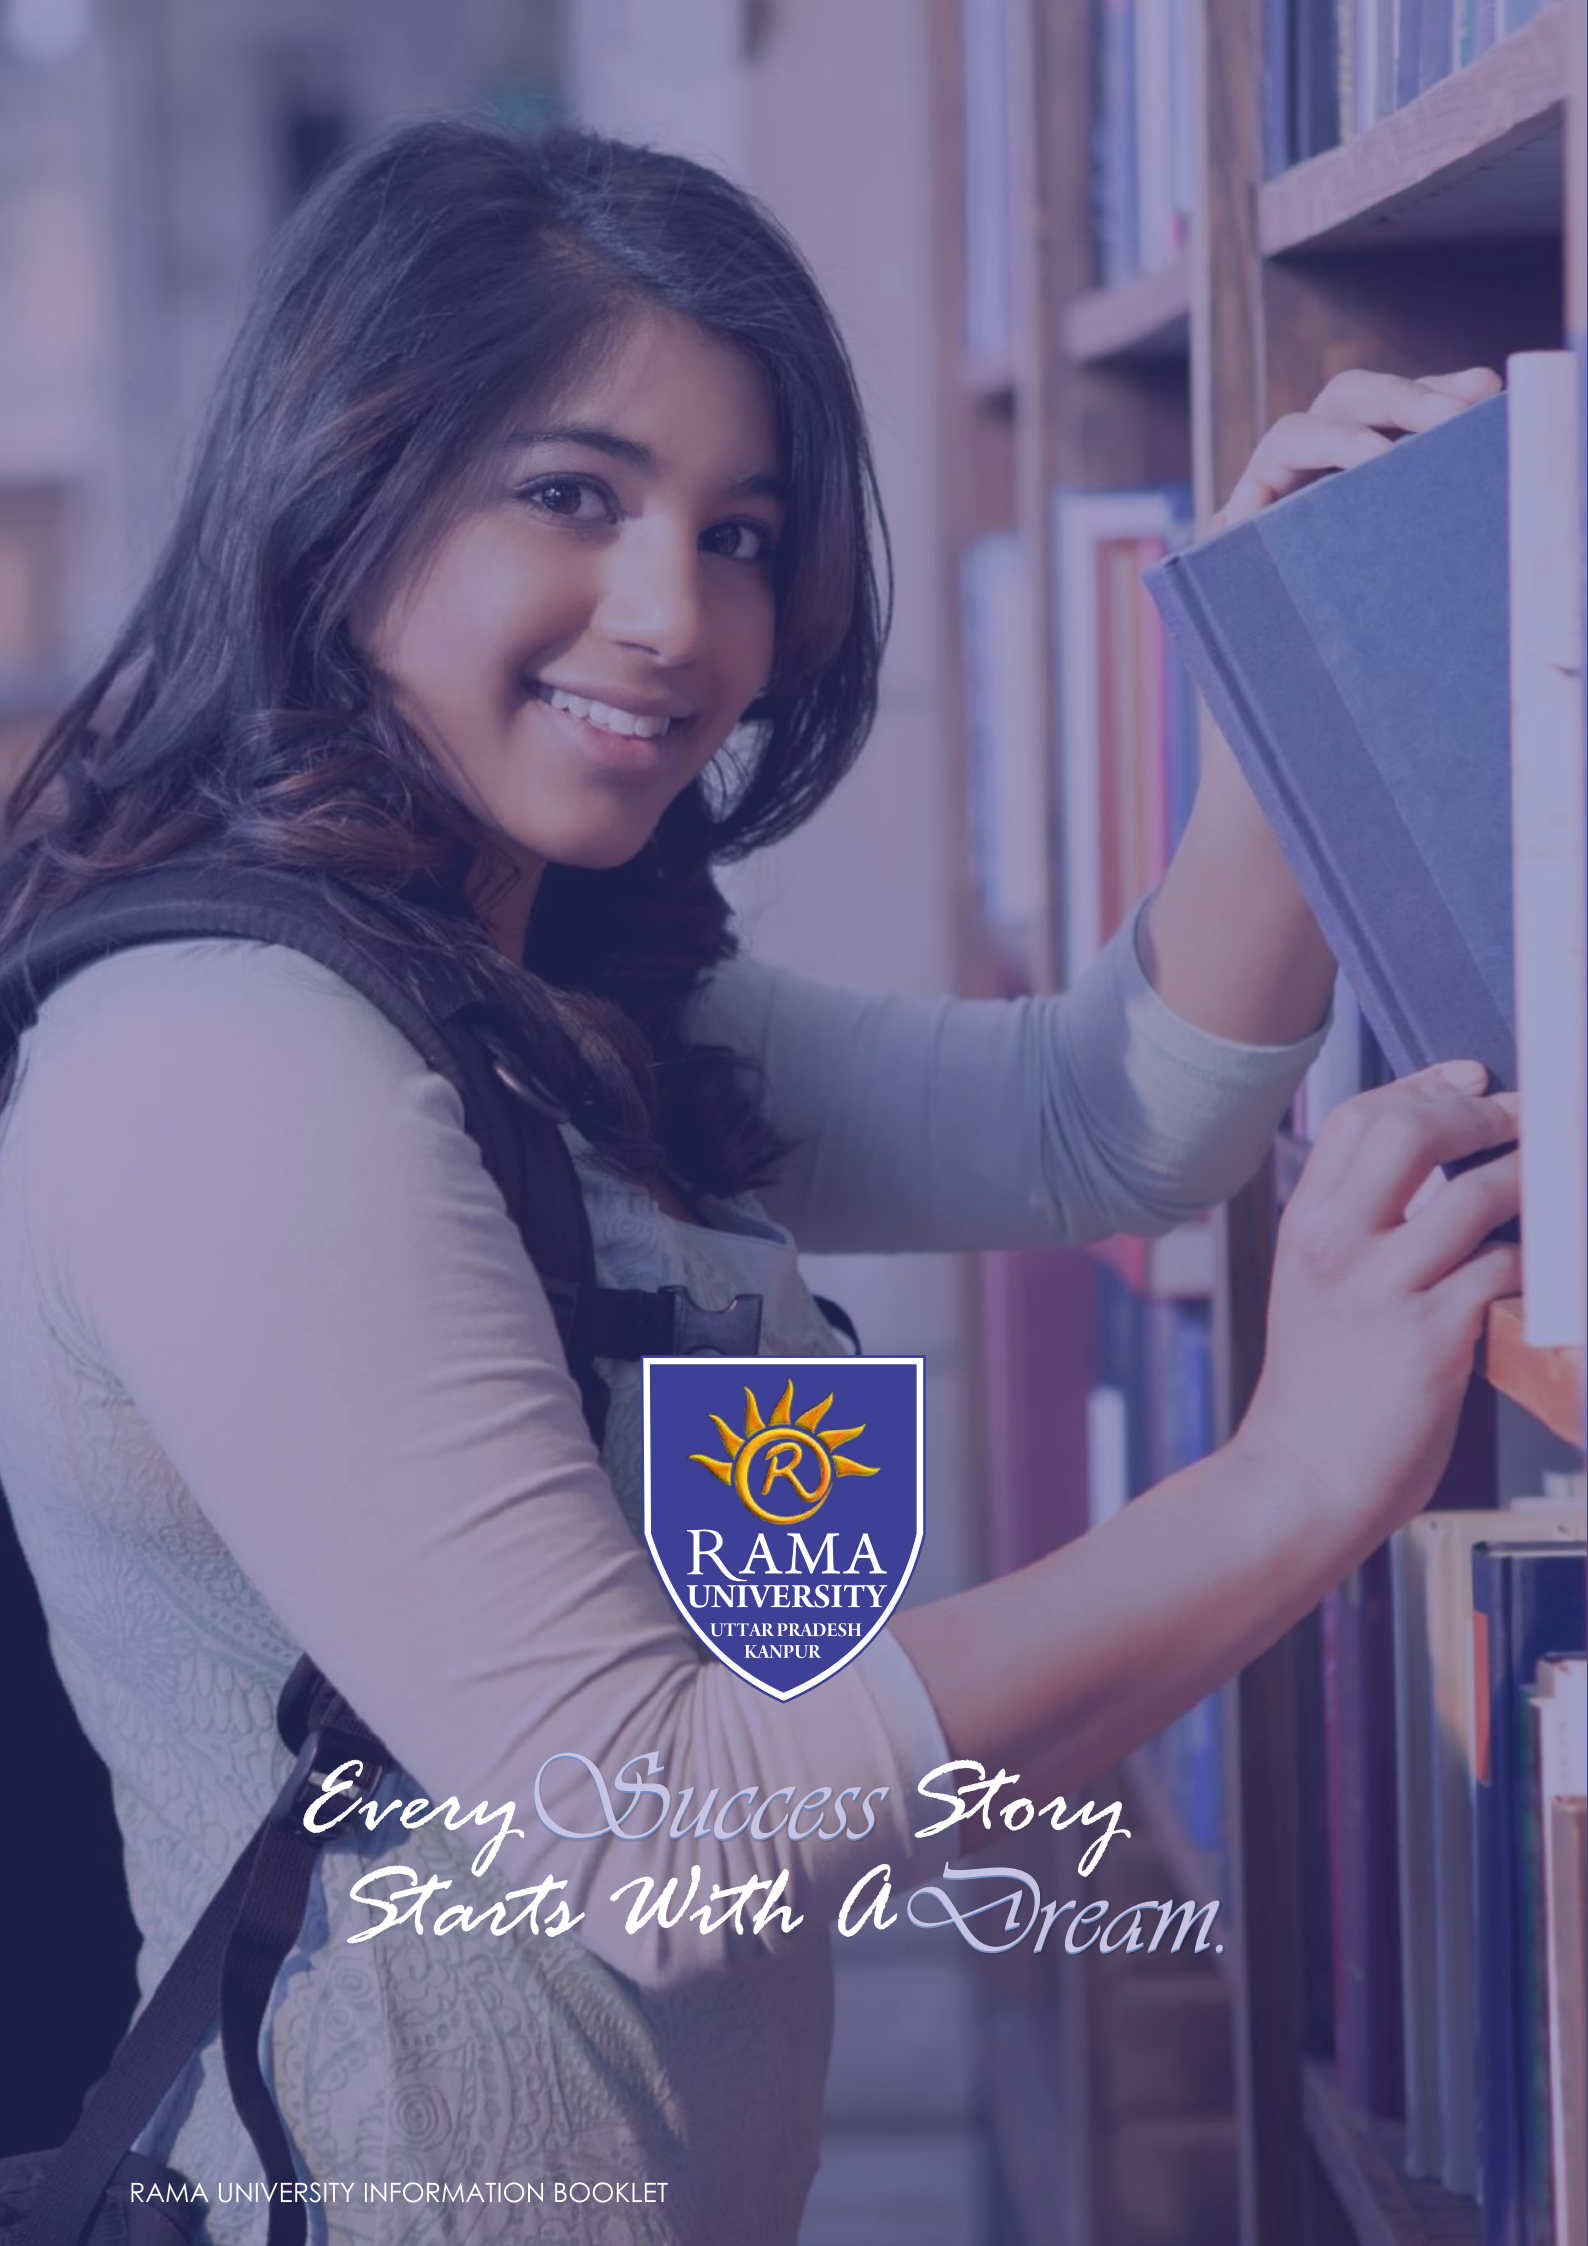

The mess facility serves healthy and nutritious food to the students. There are several mess options and each mess has a dedicated F&B manager. Weekly menus are fixed to allow students to have variety of food.

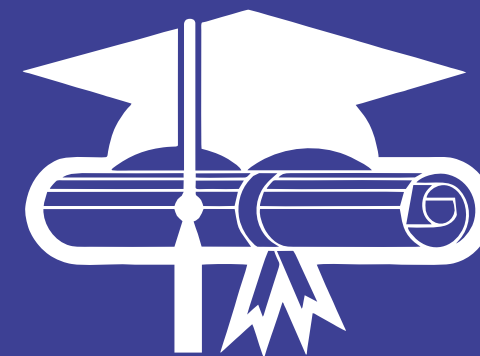

*Every Success Story  
Starts With A Dream.*

## GUIDELINES FOR FILLING THE APPLICATION FORM

➡ FILLING OF APPLICATION & ADMIT CARD

**Please check the following before dispatching your complete Application form.**

- The candidates appearing in the qualifying examination & awaiting their result, may also apply for Entrance Test. However, they will be considered for provisional admission only subject to securing minimum Eligibility mark as prescribed and on production of original pass marks sheet & certificate at the time of Counseling/Admission, failure to this may result in cancellation of candidature automatically.
- University reserves the right to start any new course or may close any course.
- Use blue or black ball pen for filling the form.
- **Centre Name, Faculty Code & Course Code** : While filling up the form write Course Name, Course Code & Faculty Name, Faculty Code & Centre Name.
- **Personal details** : Do not miss out entering personal details e.g. Name, Father's Name, Mother's Name, Mailing address, Date of Birth, Category, Sub-category, etc.
- **Date of Birth** : As mentioned in High School/equivalent Certificate.
- **Photographs** : Paste your photograph at the space indicated in the form, carefully. Enclose one additional passport size photograph with the Print out so that same could be used in issuing duplicate admit card in case of non-receipt of the Admit Card by the candidate. Please use all similar photographs. Do not staple the photograph, avoid side angles of photograph, use front pose only. Please also write your name and form number on the back of additional photograph.
- **Signature** : Put your signature at the space indicated in the form.
- Roll Nos. will be allotted by the University on your admit card.
- **Requisite Documents** : Attach self-attested copies of marks sheet and certificates as a proof of eligibility and qualifications.
- **Envelopes** : Ensure to write the Faculty Code, Course Code & Test Centre Name on the cover of the envelope to be used to send the duly filled application form.
- The duly filled-in application form and admit card shall be sent on following address:-  
**The Admission Cell,  
Rama University, Rama Medical College Campus,  
Rama City, Mandhana, Kanpur (U.P.)- 209 217.**
- The duly filled in forms may also be deposited in the office in working hours.
- The last date of receipt of application form along with requisite fee proof is mentioned in the Entrance Test schedule printed on back cover page.  
The last date of receipt of application form along with late fee Rs. 200/- (Two hundred) is Date (Two days before the Test date\*).
- **Admit Card**: Candidate will fill all entries in the admit card except Roll No.  
Duplicate admit card will be issued at the centre with of cost Rs. 50/-.
- Please write your name, course code and form number on the back of demand draft.
- In case of any further clarification regarding Entrance Test-2018 please contact on Mobile No. 08052302666

**NOTE:- No form will be accepted after last date.**

\*Candidate, who will submit their Application with late fee, their Test centre will be at University Campus only.

\*The Candidate should know that 'Rama University' runs full-time courses only. Therefore, the student is enrolled only in Rama University in the duration of the course and not elsewhere. If the student is found enrolled simultaneously in any other institution/ University, he/she will be doing at his own responsibility for which Rama University will not be responsible for any legal complication arising thereof.

## DOCUMENTS REQUIRED AT THE TIME OF COUNSELING/ADMISSION

- High School or equivalent examination certificate & marks sheet.
- Intermediate or equivalent examination certificate & marks sheet.
- Qualifying examination certificate/Degree for higher courses as applicable.
- Character certificate from last institution.
- Caste & Disability certificate from competent authority.
- Income certificate from competent authority if applicable.
- Transfer certificate/Migration certificate from last attended college/ institution/ university.
- Candidate have to deposit his/her annual fees of the course at the time of counselling/admission.
- The candidate must read all the information/ instructions updates available on the Website or in the brochure.
- The Parent/Guardian of the candidate must be present along with the candidate at the time of counselling/ admission.
- University reserves the right to run/close the course on the basis of viability.
- In some compelling situation, the University may allow the change of course to the candidate.
- Candidate, securing merit, but fails to deposit the course fee, may lose his/her candidature.
- Note: Please bring all above testimonials in original along with two photocopy sets of each.
