Faculty of Agricultural Sciences & Allied Industries

Department of Agricultural Extension

Program: Ph.D. Agricultural Extension

Report on Feedback on Curriculum by Stakeholders (2025–2026)

- External experts highlighted the importance of aligning doctoral research with current agribusiness challenges and real-world extension needs to enhance the societal relevance of the research outcomes.
- It was suggested that Ph.D. scholars should be provided with increased opportunities for practical exposure through collaboration with industries, extension agencies, and field-level institutions.
- Faculty members recommended strengthening on-campus and collaborative research trials that focus on contemporary issues in agricultural extension, rural development, and technology adoption.

Action Taken Report based on Feedback at BoS held on 16.07.2025

Industry experts and resource persons were invited to interact with Ph.D. scholars to help them identify and refine relevant research problems based on real-time field and industry challenges.

Field exposure through visits and interaction with progressive farmers and ICAR institutes was facilitated to provide scholars with advanced insights into recent agricultural technologies and practices.

➤ Scholars have been encouraged and supported to conduct on-campus research trials focusing on location-specific issues, particularly related to extension strategies and technology transfer in horticulture and allied sectors.
