

# WHAT IS A SOCIAL VALUE

## What is a Social Values

- The quality (positive or negative) that renders something desirable or valuable
- Principles, standards or qualities considered worthwhile or desirable by the person who holds them.
- Those qualities of behavior, thought, and character that society regards as being intrinsically good, having desirable results, and worthy of emulation by others.
- Values are our subjective reactions to the world around us. They guide and mold our options and behavior. Values have three important characteristics.
  - Developed early in life and are very resistant to change.
  - Define what is right and what is wrong.
  - Cannot be proved correct or incorrect, valid or
