

Your beliefs become your thoughts,  
Your thoughts become your words,  
Your words become your actions,  
Your actions become your habits,  
Your habits become your values,  
Your values become your destiny.”

# HUMAN VALUES

- Thinking with love is truth
- Feeling with love is peace
- Acting with love is right conduct
- Understanding with love is non-violence.

Human values are closely related with human life. No human life is possible without values.

Human values are those universal concept, drivers of action which are found in all cultures, all societies, all time and in all places where human beings existing.

Human values have an inherent energy and dynamism. Human values do not follow the laws of physical science. They cannot be depleted. Normally, when we spend energy or our resources we become drained of energy to the extent of our expenditure. But human values multiply as they are applied, used, expressed and acted out. They benefit both the giver and the recipient.
