LECTURE 1: Essential requirement of a valid gift

Essentials of Hiba

There are mainly three conditions which need to be fulfilled for the successful transfer of property or making of a gift by a Muslim person. These conditions are as follow:

1. Declaration of gift by the donor.
2. Acceptance of gift by the donee.
3. Transfer of possession by the donor and it's acceptance by the donee.

Before proceeding further let us first understand the meaning of terms donor and donee.

The person who signifies his willingness to the other person for transferring his property is known as a Donor. On the other hand, the person who expresses his consent for the acceptance of the gift made by the donor is known as the Donee.
