3- Industry Tie-ups / MoU :

The Industry Interface Program helps students in enhancing their practical knowledge and makes them employment ready for the business world. We at FASAI are in effort of making effective interface with Agricultural Industries and had already undertaken the task of strengthening the linkages through various activities such as:

MoU has been signed with ICAR-IIPR, Kanpur, IIGM, Lucknow, ICAR-CSSRI/RRS, Lucknow, ICAR-CISH, Lucknow, CRD, Gorakhpur, Vraddhi organic India Pvt. Ltd. Mathura,

4- Projects : Projects are being submitted to the Funding agencies like UPCAR, DST, UPCST etc as per the requirements.

5- Summer Internship Programme - SIP for the final year students. They have to undertake internship for a period of one month to three months in any Agro-based Industries. Summer Internship provides a platform to the students to use and check their theoretical knowledge and experience is also gained.

6- Final Research Project (RAWE)

Final year students have to undertake rural agriculture work experience program based on primary data. This helps students in understanding and developing the field knowledge at village level.

7- Guest Lectures – Numerous lectures have been organized for students by resource persons from reputed organizations in their area of specializations.

8- Trichoderma production Training- One day workshop on Production of Trichoderma was organized by the Faculty of Agriculture Allied Industries for the Treatment of seed with Trichoderma. Dr. H.B. Singh gave the training to the farmers about scientifically production of Trichoderma and its uses. The Farmers actively participated in training.

9- Kisan Gosthi- Faculty of Agriculture & Allied Industries successfully organized few Kisan Gosthis. It was organized for the transmission of scientific methods of cultivation to make the farmers aware about various Government policies, doubling farmer's income and many other farmers related aspects. The Farmers participated actively.

10- First International Conference on the topic "International Conference on Advances in Agriculture & Allied Science Research" was successfully organized.

The International Conference was organized during 23 and 24 February at auditorium of Rama University, Kanpur. Many eminent scientist, delegates and research scholars participated from all over the world. University has provided a platform to all participants to share their knowledge, experiences and achievements in the field of agriculture. The theme of the conference was to bring improvement in productivity, recourse use efficiency or saving in cost production and uplift the living standard of farmers.

11- NCTAEEIA 2020 National Conference on Technological Approaches for Enhancement of Employment and Income in Agriculture was organized in March 2020.

12- Workshop- Two days workshop was conducted on a topic "Need and Relevance of Research Methodology" on 01-02 April 2019 by the expert Prof. A. K. Nigam. All faculty of Rama University has participated actively. The main objective of the workshop was to focus on present need of research and their consequences.

13- Personality Grooming & Development

At FASAI we offer specialization in the Agronomy, Horticulture, Genetics and Plant Breeding, Plant Pathology Extension education and Soil Science. We follow a much focused approach in training students in accordance with their area of specialization. Special workshops and training programs are organized to give them practical knowledge of subjects.

14- Career Guidance & Pre-Placement counseling

In final year of students we organize seminars and guest lecturers for the students by eminent personalities in the field of Agriculture. We focus to provide them practical knowledge and experience of emerging sectors in the field of agriculture. We try to gear up students for their bright future.
